

Shintaro 32 Bay USB-C Charging Trolley

The Shintaro USB-C Charging Trolley is a secure, high-powered solution for classrooms, offices, and shared spaces. With 32 USB-C PD ports delivering 2000W, it charges up to 32 notebooks at 100W or 32 devices at 60W simultaneously. Its durable metal housing comes pre-assembled with easy installation for optional cable hook, charging fins and wide grip handle for easy pushing.

The trolley includes an internal storage drawer, two fans for optimal cooling, and caster wheels for smooth mobility. It also features rounded corners for safety and a combination lock with key for added security. The 'InnovateCharger App' enables smart power management. Compatible with iPads, iPhones, Android tablets, laptops, and Chromebooks, it provides a centralised, clutter-free charging station.
